AUDITOR'S REPORT

A. P. STEWART

Accountant and Auditor

Milbridge, Maine

January 31, 1958

Board of Selectmen,
Gouldsboro, Maine

Gentlemen:

In accordance with Chapter 91, Section 142, Revised Statutes of 1954, and at your request, I have audited the financial records of the Town of Gouldsboro for the fiscal year ended January 15, 1958.

The examination was made in accordance with generally accepted auditing standards applicable to municipalities and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the Town appear to have been appropriately handled.

Exhibits and schedules incorporated in this report impartially present the financial position of the Town and the results of its operations for the period designated.

Comments and other data which may prove of interest to you are included in the report.

Very truly yours,

A. P. Stewart

APS/as

C O M M E N T S

An audit has been completed of the financial records maintained by the officials of the Town of Gouldsboro for the fiscal year ended January 15, 1958.

ASSETS

The cash balance at the close of the year was reconciled with the statements furnished by the depository banks as of December 31, 1957 and count of cash on hand. Transactions affecting taxes receivable, tax liens and tax acquired property were reviewed and unpaid accounts at the year end were checked and reconciled with the balances shown on the records of the officials concerned. Accounts receivable consisted of reimburseable items due from the State and items due from individuals as a result of an overpayment of wages.

LIABILITIES

General fund liabilities at January 15, 1958, consisted of withholding taxes deducted from payrolls after January 1, 1958.

RESERVES AND SURPLUS

Revenue derived from 1958 excise taxes has been carried forward to the 1958 year. Appropriation balances carried forward amount to \$5,285.47 and reflect the balances in the state aid road and education accounts.

At January 15, 1958, the Town had an unappropriated surplus of \$13,335.11 as compared with \$2,808.45 at the close of the preceding year. Principal items affecting the increase were the transfer of \$8,500 notes payable to the debt fund and the unappropriated portion of the 1957 excise tax of \$1,297.41.

DEBT FUND

The long term obligations of the Town have been set up as a separate fund on the balance sheet and include the balance of the "General Purpose Room" notes of \$7,650 payable in nine installments of \$850; the "School Bus" notes of \$10,400 payable over a period of five years and the "Cranberry Point Road" note of \$1,295.23 which is divided into two annual payments.

TRUST FUNDS

The total amount of trust fund principals at the year end was \$2,935.00, part of which was in time deposits at various banks and the remainder in obligations of the United States. The income withdrawn has been expended in accordance with the terms of the trusts.

GENERAL

The records of the Town Clerk were checked for appropriations and other matters of financial concern. Oaths of officers were on file. The 1957 commitment of taxes to the Collector was examined and reconciled with the assessment. Vouchers and payrolls were examined for a selected period and appeared to be proper charges to the accounts involved. All funds recorded as received by the Treasurer had been deposited in the bank and all disbursements had been made by check and authorized by warrants drawn by the Selectmen.

It is believed that the accompanying balance sheet, together with related financial statements, fairly presents the financial position of the Town as of January 15, 1958, and the results of its operations for the year then ended.

REPORT OF THE GOULDSBORO ALEWIFE COMMITTEE

The past has seen far too little done toward restoring the alewife fishery in this town. But some progress has been made, particularly in stocking all our ponds with spawn alewives.

We have put 38 bushels in Jones' Pond, 10 bushels in West Bay Pond, and have allowed 80 bushels to run into Forbes' Pond. As is may be seen, the *smallest* pond received the *most* seed, and the largest ponds received the least! This situation should be reversed next year, and not by reducing the amount in Forbes' Pond.

Small improvements have been made in the Prospect Harbor Stream (Forbes' Pond outlet) at the tide water level. The stream at this point will hold very few fish, and fish can enter only at nearly high tide. This limits the amount of fish that can enter at each tide and makes them subject to attack from gulls, curious people, etc. We have constructed a pool at this point which will help some, but it is possible to do a great deal more next year. It should be mentioned again that the most has been done for the smallest fishery.

The dam at Lower West Bay Pond is very weak and should be rebuilt. When and if this is done, it will have to have a fishway. Probably the dam should be built more strongly than before because of the complicated nature of a dam and fishway combination. We should consider a masonry structure. This fishery has the greatest possibilities of them all.

The outlet at Jones' can be made passable to alewives, but with some fairly extensive changes made in condition as they now exist. For the time being at least, it would seem more feasible to stock the pond by carrying them up to the pond. We should, however, strive to put at least 100 bushels a year in this pond. We might get up to 1,000 bushels a year from this size stock.

We had considered stocking Chicken Mill with alewives, but the trout program there has interrupted our plans. Two years ago we put a token amount of alewives in this pond, but last year the State destroyed all fish in this pond with the intention of stocking it with just trout later. The State probably has no objection to our using this pond for alewives also, because alewives and trout do not compete in their feeding habits.

All in all, for a new idea we may have made fair progress. This idea of building up alewife runs is only about 150 years old, and we have finally started. Not bad!

Respectfully submitted,

Francis M. Simpson,
Secretary

NURSING SERVICE REPORT

I herewith submit a brief report of the service rendered the town of Gouldsboro by the Flanders Bay Health and T. B. Association for the period beginning January 1, 1957 to December 31, 1957.

A complete school health program was carried out during the school year, consisting of routine school inspection of grade pupils, audiometer testing of all pupils above the fourth grade every two years, due this year, T. B. testing of first, 9th and 12th grades, and pupils working in the cafeteria at Sumner High as well as your own cafeteria.

Arranging for chest X-rays of the school personnel, all were negative. Pupils playing on the high school basketball teams received a physical examination, grade pupils playing basketball received heart and blood pressure checks. All high school pupils received a physical, before taking part in the physical education program at Sumner High. Vision of all pupils checked every year.

Vaccination and immunization against diphtheria, whooping cough and tetanus, were offered the entering class at school and all pre-school vaccinated - 26, triple shots - 26, booster - 10.

Polio Report:

Protection against Polio was our special project this year. A total of 548 in the five town district, have or will have, during January, completed their final Polio shot; of this number, Gouldsboro had 135, adults, school, and pre-school children.

Routine Classroom visits have been made and help given teachers wherever needed. The sponsored lunch list is checked by the nurse.

Report of School Inspection

Number of pupils inspected	130
Number of pupils okayed	60
Corrected since past inspection	21

Defects:

Teeth	46
Throat	25
Glands	6
Vision	1
Hearing	6

All known tuberculosis cases and contacts were X-Rayed at the State Clinic conducted by the Division of T. B. Control.

Home visits made during the year. (288). Visits of instructions and investigations were made on babies, pre-school children, school children, adults, and B.B. cases and contacts. Visits to give medication and treatments as ordered by the doctor have been made. Welfare and social service visits are a part of the programs.

I extend thanks to all who helped with the program, with special mention of the fine cooperation of Dr. William Lumley, the Selectmen, Mrs. Dorothy McGee, Mrs. Lee Stewart, members of the school board, superintendent of schools, health committee members, teachers and parents.

Respectfully submitted,

Flanders Bay Health & T. B.
Association

SCHOOL REPORT

TOWN OF GOULDSBORO

The "Sinclair" Bill, recently amended by the State Legislature in a special session, is intended to help equalize educational opportunity and guarantee a minimum program of education for all children throughout the State by the establishment of a foundation program or level of education, expressed in terms of a minimum dollar cost per pupil, in which the state will participate financially on a percentage basis rendering greater financial assistance to the less able administrative units. The scope of the program shall include pre-primary or kindergarten education for five year old children and all grades through grade 12.

Just how does the "Sinclair" Bill affect the Town of Gouldsboro?

This question cannot be easily nor quickly answered since it is a new approach to the solution of school problems of the smaller communities involving change in the subsidy formula, the requirements of a new foundation program and the formation of a larger school district. In brief, however, Gouldsboro's participation in the formation of an Area School Administrative District comprising the towns of Hancock, Franklin, Sullivan, Sorrento, Gouldsboro, Winter Harbor and Steuben could mean:

1. The establishment of Sumner High School as a three year Senior High School serving grades 10-11-12.
2. The construction of an area Junior High School, grades 7-8-9 with a total enrollment of approximately 275-300 pupils. The new building would have about nine classrooms, plus a gymnasium, housing three 7th grades, three 8th grades and three 9th grades and well suited for better ability grouping with special attention to guidance, physical education and music during these crucial adolescent years.
3. A separate sub-primary grade permitting time and space for the young school beginners to adjust to the demands of a new learning situation. The very immature children could be retained at the beginning level, if necessary, without creating an overcrowded condition as would be the case if two or three grades made up the primary room.
4. Your very fine new elementary school would be adequate for a seven year program — sub-primary through grade six — without overcrowding. In fact, a spare room could

be adapted for a school library, clinic and the like, if the grade plan were as follows: Sub-Primary, 1-2, 2-3, 4-5 5-6.

5. That the entire overall improved program of the School Administrative District plan might be realized at no additional cost to the taxpayer than what he would pay should Gouldsboro operate as it does now.

Obviously, a school system embodying all the details of a new school legislation calls for much study and research. However, it does point the way and perhaps its realization might result in something more advantageous to the youth of your town. I hope you will give this proposal some consideration.

Respectfully submitted,

R. H. Haskins, Superintendent

AUDITOR'S REPORT
GOULDSBORO SCHOOL DISTRICT

A. P. STEWART
Accountant and Auditor
Milbridge, Maine

February 3, 1958

Board of Trustees,
Gouldsboro School District,
Gouldsboro, Maine

Gentlemen:

In accordance with Chapter 91, Section 142, Revised Statutes of 1954, and at your request, I have audited the financial records of the Gouldsboro School District for the period February 6, 1956 to January 15, 1958.

The examination was made in accordance with generally accepted auditing standards that pertain to municipal accounting and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the District appear to have been appropriately handled.

Exhibits incorporated in this report impartially present the financial position of the District and the results of its operations for the period designated.

Very Truly yours,

A. P. Stewart

APS/as

C O M M E N T S

An audit has been completed of the financial records of the Gouldsboro School District for the fiscal period February 6, 1956 to January 15, 1958. The audit consisted of an examination of the records maintained by the Treasurer of the District.

At January 15, 1958, the equity in fixed assets amounted to \$17,599.60. This amount represents the excess of available funds over expenditures plus a note payment of \$5,000.00.

The cash balance at the close of the period under examination was reconciled with the statements issued by the depository banks as of December 31, 1957. Receipts, disbursements and supporting data were examined.

Included in this report are exhibits pertaining to the financial status of the District. Audit procedures deemed necessary were followed in the development of these statements.

It is believed that the accompanying balance sheet and supporting statements fairly present the financial position of the District at January 15, 1958, and the results of its operations for the period then ended.

 44. To see if the Town will vote to apply \$4,800.00 of the Excise Tax money to the Appropriation Account. Budget Committee recommends Yes.

45. To see if the Town will vote to publish the names of the Town Poor in the Annual Report for 1958-59.
46. To transact any other business which may legally come before this meeting.

The Selectmen hereby give notice that they will be in session at the Town House at 9 o'clock in the morning of said meeting for the purpose of revising and correcting the list of voters.

Given under our hands this 3rd day of February, A.D. 1958.

Byron P. Young

Myron J. Crowley

Chester P. Hamilton

Selectmen of Gouldsboro

CONSTABLE'S RETURN

Gouldsboro, Maine, 1958

Pursuant to the within warrant, I have notified and warned the inhabitants of the Town of Gouldsboro, qualified as therein expressed, to meet at the time and place for the purpose therein named, by posting this day an attested copy of the within Warrant at the several post offices, the same being public and conspicuous places in said town.

Signed:

Charles Wescott,

Constable of Gouldsboro
